WHEAT AND CORN LOWER

BETTER WEATHER AND LARGE RE-CEIPTS CAUSE THE DECLINE.

Heavy Unloading a Factor in Corn-Oats Hold Firm, and with Provisions Make Small Gains.

CHICAGO, Oct. 22.-Lower prices in grains ruled to-day on the Board of Trade, due principally to excellent weather and general liquidation. December wheat closed %c lower, corn 1/4@%c lower and oats 1/8c higher. January provisions closed

from 5c to 121/2c higher. Early prices in wheat were lower, ininfluenced by the sharp drop in corn and good weather for the movement and longs liquidated freely during the opening hour. Good commission house buying on the decline together with the bullish tendency of local traders caused an upturn. December, however, was inclined to drag, and Statistics were mainly favorable to lower prices. December opened a shade higher to \@\4c lower at 72\\cdot\cdot to 72\%c declined to 721/c, and after rallying to 721/2c, closed %c lower at 72%@72%c. Clearances of wheat and flour were equal to 235,000 bu. Primary receipts were 1,428,000 bu, against 936,-New Telephone Company Ist 5s | 000 a year ago. Minneapolis and Duluth reported receipts of 672 cars, which with

> local receipts of 87 cars-three of contract 751 last week and 638 a year ago. Good weather for drying out corn and a report that a prominent operator had disposed of his December holdings caused a decidedly weak tone to the market at the opening. There was quite a heavy selling pressure early, but offerings were well taken by commission houses and brokers. It was rumored that much of the buying was for the operator mentioned and prices rallied. December opened 1/2c to 1/4c lower at 49%c to 50%c and before any support was given the price had declined to 49%c, but a firmer tone developed during the latter part of the day, sales being made at 50%c. The close was 40%c lower at 5014@50%c. Local receipts were 227 cars,

> 35 of contract grade. Oats were dull, with prices steady. There was a slight decline early in smypathy with lower prices in other grains, but commission houses were good buyers of May, which caused a firmer feeling. The close was steady, with December 1/3c higher at 31%c, after selling between 31c and 31%@ 311/2c. Local receipts were 141 cars. Provisions were somewhat lower at the opening, due to lower prices of hogs, but good demand developed and the market was remarkably firm considering the weakness in grains. The close was steady, with January pork 12%c higher at \$15.67%;

lard 5c higher, at \$9.05, and ribs 5c to 71/2c higher, at \$8.271/2. Estimated receipts for to-morrow: Wheat, 80 cars; corn, 280; oats, 250; hogs, 24,000 head Leading futures ranged as follows:

ST. LOUIS, Oct. 22.-Metals dull. Lead steady

at \$4. Spelter quiet at \$5.20. The Tattered Flag.

In the sun-bright dust of the street below Glittered the bayonets all a-row, and the muffled tread of a thousand feet Deepened the roll of the war-drum's beat. And the gray old sergeant roused to hear. With his hollowed palm to his deafened ear, While the fife shrilled loud and the drums kept To the Nation's heart beats hid in rhyme. And gazed on the regiment marching there in a glory of scarlet, and blue, and gold. And high, overhead, like a torn-out fold Of Liberty's robe, with its glimmering stars-Heaven's glorious blue on a field of Mars-The old flag fluttered, half shot away In the storm and stress of that judgment day, When through blood-dyed stream, by threatening The Old Line Regiment carried the flag.

The veteran looked; and his face turned gray With the specter light of a bygone day. He fingered his old gun's rusty lock, He felt the tarill of the battle's shock, And he lifted his head like a startled stag As he saw the ghosts by the tattered flag. Some were withered and bent and gray, Some were blithe and bonny and gay, And their voices shrilled through the martial Comrade, comrade, where have ye been?

Ye have missed the drill this many a year"-The call rang sweet to his deafened ear, And his soul broke loose from the crippled form That had weathered a Nation's years of storm, And he joined the soldiers who never lag-The ghosts that march by the tattered flag. -L. Lamprey, in Washington Times.

only fair to medium quality, and in the steer

lines especially there were comparatively few

that were really attractive to buyers. In keep-

ing with the liberal supply and an indicated

ket opened with buyers bidding very cautiously,

but enough lower to cause sellers to be slow in

making transfers. It is possible that while a

trading basis was being established a few sales

were made at prices very little lower than yes-

terday, but after things got down to business

the market was generally considered 15c to 25c

lower, according to quality. It is important to

notice that the lower movement is more per-

ceptible on the medium to good cattle than on

others, for the latter grades were already sell-

ing on a low basis. At a late hour not many

steers had been sold, and it looked like a good

many would have to be carried over in first

hands, but a very fair clearance of butcher

urgent demand for stockers or feeding cattle,

at lower figures than those current last week.

The market is certainly in a very unsettled

and uncertain condition, and shippers cannot be

Local Stocks and Bonds.

FORM A DEPRESSING INFLUENCE IN THE STOCK MARKET.

Only a Few Strong Points in the Market, Closing About Unchanged-Money Continues Easy.

NEW YORK, Oct. 22 .- In its essential features to-day's stock market reflected practically all the previous day's characteristics, including an utter lack of public interest and increasing fears of gold exports. Sterling exchange was quoted as high as \$4.86.60. In fact, the foreign exchange market was the feature of the day and developed most interestingly, with an increased demand for sterling at this center and higher quotations for bar gold and American coin in London. The local advance was all the more interesting in view of the inadequate steamship facilities tomorrow, these providing only a slow boat for banks to use in forwarding remittances. The demand was especially strengthened by further sales of stocks for London account in this market. This may have been due to the substitution of gold for bills as a form of international remittance. Demand bills for remittance next Saturday held at \$4.86.70, and the quoted price for next Wednesday was Business was even lighter in volume, and

the tone of the list was professional throughout. Reading was the only strong stock at the opening, several fairly large lots being taken at a fractional advance over the London prices. The rest of the list was generally lower, Pennsylvania, B. & O., New York Central, St. Paul, Missouri Pacific and several other active stocks all showing declines. The market dragged all through the morning session with no LIVERPOOL, Oct. 22.-Wheat-Spot steady; mentioned participated in this irregular movement, as did also Norfolk & Western, L. & N. and Illinois Central. There were no great recessions nor was any pronounced pressure shown except perhaps against B. & O. and St. Paul. The rather favorable statement of the Brooklyn Rapid Transit Company failed to develop any demand for that stock. Western houses were buyers of Colorado Fuel and Iron, which suggested a revival of the recent fight for control of that property. London again took an unfavorable view of local monetary conditions, and sold upwards of 10,000 shares on balance. It is estimated that London has unloaded fully 150,000 shares of international stocks on this market this week. The afternoon session brought general recoveries and early losses were for the most part wiped out. The strong features of the day were Northwestern, which made a good showing for September; St. Paul, Missouri Pacific, Toledo, St. Louis & Western preferred, Sugar and Colorado Fuel. The weaker stocks were Illinois Central, Norfolk & Western, Metropolitan Street Railway and Sloss Sheffield Steel. Among the day's favorable developments were an announcement of another importation of gold from Australia and the continued ease of demand money. Call loans were made at between 5 and 6 per cent. Time money was quoted at 6 per cent. for all dates up to six months. It was practically impossible, however, to get sixty or ninety-day loans at this rate. Additional purchases of bonds to the amount of \$1,000,000 par value were made by the subtreasury. The latest treasury report shows an increase of government expenses over receipts of over \$11,000,000. The bond market was very irregular, but fluctuations were narrow and trading very small. Total sales at par value were

\$1,185,000. United States bonds were all unchanged on the last call. The following table shows the range of

would be further reductions in prices here, and consequently it did not take buyers and sellers long to get together in their views. A trading basis was established early and sales were for the most part reported the to the lower while for the most part reported 10c to 20c lower, while a majority of dealers quoted the average de-cline 15c. As usual when there is a big break in values packers were more liberal buyers, and with a very fair request from shippers the market was active at the decline. There was no further change in prices during the day, and a satisfactory clearance had been made at the close. Sales ranged from \$6.35 to \$7.10, and were large at \$6.60@6.90, there being more reported at \$6.70 than any other one price. Quotations: Good to choice medium to heavy. Mixed and heavy packing...... Good to choice light weights...

Common to fair light weights.....

Inferior to best pigs..... Roughs and stags ... -Representative Sales .-240 280 40 40210 Sheep-Receipts, 400; shipments, 300. The receipts to-day were about 200 smaller than a week ago and nearly 100 larger than a year ago. The market opened with a steady demand from all sources, and with just about enough to meet the immediate requirements of buyers the trading was fairly active and sales were usually on a basis of steady prices compared with those current the past few days. It did not take long to make a clearance, and it is possible that a few more good kinds could have been sold at current prices. Lambs sold as high as \$5, and ordinary to good kinds were revorted at \$464.85. The extreme price for sheep was \$3.60, and stockers to good kinds sold from \$2@3.50. Quotations: Good to choice lambs..... Common to medium lambs...... 3.00@4.0 Good to choice sheep.....

Common to medium sheep...... 2.25@3.00 Stockers and feeding sheep..... Bucks, per 100 lbs..... Horses-The Blair-Baker Horse Company received about 200 head of horses for their regu-lar auction sale, against 300 the same time last week and 200 the corresponding time a year ago. A few really choice animals were included in the consignments, but generally the quality was only fair to medium. There was a good crowd of buyers, but not many really urgent orders, and they delayed the trading as much as possible with the hope of getting a further reduction in prices. They were disappointed, however, for, although it took hard work, sales as a rule were at fully as good prices as those current a week ago. There is continued complaint of losses from country shippers, and prices will of losses from country shippers, and prices will surely have to be reduced in the country if the receipts are kept up to the requirements of the Open- High- Low- Clos-ing. est. est. ing. trade. There were very few horses in the auction good enough to bring over \$150, but of course there was an occasional sale of something extra around \$200. Most of the supply sold from \$75 to \$115, and quite a number were reported at
